## RECLAMATION OF SWAMP LANDS.

SUCCESS OF A GRAND IMPROVEMENT ENTERPRISE.

[From the Sacramento Reporter.]

Though it has long been a well settled belief in the minds of many that the swamp and tule lands of this State contain all the elements of vast agricultural wealth, could they but be utilized, owing to the difficulties and imaginary expense attending their reclamation, but little progress had until very recently been made in their reclamation. There are probably not less than a million acres of this sort of land in this State. Of this vast quantity only Sherman Island and a few other inconspicuous tracts near the confluence of the Sacramento and San Joaquin rivers have been subjected to the dominion of the agriculturist. Stimulated by the success attending these minor enterprises,

# YOLO DEMOCRAT.

COUNTY AND TOWN OFFICIAL PAPER.

WOODLAND, CAL.

Saturday, April 1st, 1871.

ON TRIAL.—The case of Mrs. Laura D. Fair, for the murder of A. P. Critenden, is now on trial in San Francisco.

HUNG BY THE VIGILANTES.—Arthur Perkins, who killed a man at Virginia City about time since, was hung Saturday morning, about 1 o'clock, by the Vigilantes of that city.

GOLD NOTES.—The First National Gold Note Bank of San Francisco has received an installment of notes from Washington. The notes are payable in gold on presentation at the bank.

GOOD INDICATION.—According to the New York World, the late municipal elections in that State indicate an increase of Democratic strength throughout the interior. So the good work goes on.

HEAVY MORTGAGE.—It is said that the Southern Pacific Railroad, from San Francisco to Colorado River, with eighty miles now in operation, has been mortgaged for \$25,000,000, to raise funds for its completion.

DARREN CASAL.—The surveyors have reached the summit of the divide between the waters of the Pacific and Atlantic Oceans, and find the elevation only two hundred feet. They think the canal entirely practicable.

POISONED BY TOADSTOOLS.—The family of B. Bryant, at Chico, were poisoned on Sunday last by eating toadstools for mushrooms. Two of them—a girl aged 12 years and a boy of 10, died. The mother and remaining child are not expected to recover.

SPLENDOR FOR ROYALTY.—It is said that the most gorgeously magnificent sleeping car in the world is being constructed in San Francisco. It is to be taken East, and His Highness Ulysses will be invited to grace it with his imperial patronage on a trip to his coast.

LIGHT FINE.—Sheriff Jackson, of Trinity county, for executing a law of the State—collecting the foreign miners' license tax from Chinamen—has been fined by a Federal Court the immense sum of twenty dollars! Doubt if that pays for the trouble.

"PROTECTION."—According to the Reporter, since the first day of this year California has forked over \$1,539,470 in gold, for duties on goods imported to San Francisco. Pretty steep "protective" tax this, for half a million of people to pay in less than three months.

FOR STATE SURVEYOR.—The papers are talking of Will S. Green, of the Colusa Sun, for State Surveyor. Mr. Green is well qualified for that position, and we should be pleased, as would the Democracy of this county, to see him receive the nomination for that office.

PARIS ELECTIONS.—The candidates supported by the Central Revolutionary Committee are greatly in the majority. The elections passed off quietly, and established more firmly the power of the Revolutionists. 180,000 votes were cast, of which 120,000 were for the candidates proposed by the Central Revolutionary Committee.

VERY SORE.—The Mail still writhes under the sound drubbing administered to its party at our late town election by the gallant Democracy, and reluctantly draws the veil over what it is pleased to term the "Yolo political outlook," apparently conceding the success of the Democratic county ticket at the next election.

"NORTHERN ENTERPRISE."—On Saturday last this paper, published at Chico, closed its second volume. A casual glance would incline one to think it had seen at least a dozen years. The Enterprise does not believe its name. It is a well condensed paper, "independent" in politics, and receives as it well deserves, a very liberal support.

"WHAT SHALL WE DO?"—This question is propped to the faithful by the Mail, over a despondent appeal for party organization. In view of the success in this county of the party for which the aforesaid paper assumes to speak the question is pertinent. Well may the Mail ask, in its despair at the "political outlook," "men and brethren, what shall we do?"

"THE DEMOCRATIC ERA" is the title of a weekly newspaper to be started about the 21st of April, at East Portland, Oregon, (the prospectus of which is just received), by Urban E. Hicks and S. W. Ravelly, the last of whom formerly published the Knight's Landing News, in this county. Terms, \$3 a year. Persons wishing to subscribe can leave their names at this office.

THE CONNECTICUT ELECTION.—The election in Connecticut comes off on Monday, and in spite of all the efforts that have been made to carry it for the Republican party we have little doubt that the result will show such overwhelming victory as that in New Hampshire. Even New England is getting sick of the swindling trick, while the weight of the San Domingo job, and the many stupidities and indecencies which have marked the whole course of Grant's Administration have disgusted the most thoughtful of the New England Republicans. Still it is not wise to underestimate the strength of our opponents. Every appliance which can prove of political effect will be brought to bear in Connecticut on Monday to secure a Republican victory.

## THE COMBAT DEEPENS.

Senator Sumner made a long speech in the United States Senate the other day, in which he handled the President very roughly. He sustained the charges previously made with unimpeachable evidence, such as official orders, reports and dispatches. Mr. Sumner portrays the action of Grant and his administration as "a great nation interposing in the affairs of a little, weak republic, maintaining a usurper in power under the shadow of its guns, that he might sell his country; bullying another neighboring republic, and sending threatening messages by the mouths of captains of ships of war; violating all the dictates of international law, and all the rules of international courtesy; the President of the United States arrogating to himself the powers of an absolute monarch, and even winking at, if not absolutely procuring, the imprisonment of an American citizen in a foreign dungeon, to prevent him from telling the truth." If Mr. Sumner keeps on at this rate, Grant and his backers will be so completely shown up in all their villainous schemes to maintain the ascendancy of the Republican party in power that the rank and file will desert them by thousands. In any event a breach has been opened that cannot be healed, and whether the San Domingo job fails or not, the power of Grant & Co. for harm in the future has been very materially weakened. This is as it should be, for the good of the country and of humanity. Democrats can afford to stand aside and see the fight of the Kilkenny cats go on. The rogues have fallen out and it is to be hoped honest men will soon get their dues. In provoking this quarrel Grant reckoned without his host. Sumner is a good Parliamentary strategist; this, with the fact that he has the best of the argument, he knows how to use, and will not let an opportunity slip to average himself on Grant for his removal from the Chairmanship of the Foreign Relations Committee. The work goes bravely on.

OBJECTS.—The Downville Democrat objects to Hon. Thos. Findley entering the field as a candidate for Governor, and thinks that "every third man will be looked upon with suspicion." We doubtless see it. Every American citizen has a right to aspire to any office within the gift of the people, if he be qualified for the position to which he aspires, and is an honest man. We have heretofore expressed a preference for Gov. Haight, but believe others have just as good a right to come before the State Convention as candidates as his Excellency. Then let the delegates decide who is the choice of the Democracy of the whole State. Their choice will satisfy every good Democrat, and further than that, their choice will be the next Governor of California without a doubt.

WOOD'S HOUSEHOLD MAGAZINE.—The April number has come to hand and is full of interest. Following are its contents: Peter Shubby; A wrong Start; Into Each Land Some Rain Must Fall; Ten Cent Kitty; or Peter Pluck's Mistake; The Musical Winds; Great Sale; The Haunted Stream; Hints to Health; To Parents and Children; The Little Scarlet Clock; There's Something Borel; How Rock Candy is made; Gussie's mission; Nobody; Robbie the Little Newsboy; Subjects for Compositions; Rules for Playing Onto a Organ in Meeting; Our Housekeeper; Correspondence; Literary Notices; Business Notices. Published by S. S. Wood, Newburgh, N. Y., at the low price of one dollar a year.

KUKULU BUGBEAR.—An overland telegram says that Gov. Lindsay, of Alabama, arrived in Washington on the 24th and was "surprised at learning that the Kukulu are supposed to have possession of his State, and means are being devised for their suppression. He says Alabama is as peaceful and law-abiding as any State in the Union." What care the Radical managers at Washington whether all is quiet in Alabama or not? There is a "political necessity" just at this time, and whether there are any disturbances in the South or not, Congress is determined to make it appear to the country that the Southern States are still in insurrection in order to affect the Republican party favorably.

MARYSVILLE OR WOODLAND.—The Appeal says the California Pacific people are considering whether to build a road from Marysville or Woodland to Colusa. We guess that Company is sufficiently sagacious to avail itself of the opportunity that now lies open to it to secure the traffic of the fine belt of country on the west side of the Sacramento between this point and Red Bluff, over one hundred miles long and fifteen to thirty miles as rich land as lies out of doors. The expense of building a road from this point would be but little more than from Marysville to Colusa, and, though of course there is some selfishness on our part we hope and believe the Colusa branch will start from Woodland.

THE SACRAMENTO GIFT ENTERTAINMENT.—Tickets in this concert, says the Bee, are in big demand. From all directions come orders for them. Numerous are the requests that reach the central office here for special numbers, and for the purpose of gratifying those who make such demand, the managers have so arranged affairs that they can tell where the desired number is if they have it not. Thus any number asked for can be had on application, if it be not already disposed of. So great is the run for them that the managers positively assert that the concert will be given May 1st, as announced, and then somebody will have secured the big prize.

## A WIDE BREACH.

The Republican party is virtually split into two factions. Since the difficulty between Douglas and President Buchanan, never has a personal quarrel between two of its leaders sundered a party so widely and so quickly as has the quarrel between Sumner and Grant. Grant succeeded in having Sumner removed from the Chairmanship of the Committee on Foreign Relations because he would not take a hand in the San Domingo job, but Sumner has already had his revenge. His great speech of Monday last laid out that nice little scheme so completely that it is hardly likely to be heard of again, except in the decent solemnity of its burial, in which interesting ceremony the Investigating Committee sent out for the purpose of making a favorable report are now, it appears, to take the part of chief mourners. "Honest Ben Wade," of course, wearing the biggest piece of crape. This is a most crushing defeat for Grant, a defeat which leaves him with prestige gone and forces disorganized. But we much mistake the character of the man if he shows the white feather. He is absolutely forced to withdraw his pet San Domingo scheme; but he is sure to continue the fight on another line, and to pursue his revenge with all the doggedness of his nature. On the other side, Sumner is the last man to give in, but backed by all New England, whose demigod he has long been, he will sink Grant if he has to sink the party with him. Every thing looks bright for a sweeping Democratic victory, next year. If Grant ended the war, so also will he end the Republican party. May he "fight it out on this line if it takes all summer."

PETERS' MUSICAL MONTHLY for April is received, and contains as usual a large number of new and excellent pieces of music. Each number contains what would cost in sheet music nearly five dollars, but the publishers furnish it for thirty cents a number or \$3 per annum. The present number contains: Send the Little Ones Happy to Bed, Song and Chorus; Alone by the Sea, Song and Chorus; Building Castles in the Air, Scotch Melody; Somebody Loves me Dearly, Song and Chorus; Go, Pretty Flower, with Eyes of Blue, German Song; Beautiful Days that are Dead, Quartet; Easter-time, Sacred Quartet from Abt; Blue Eyes Gallop; Indiana Polka; Village Beauty Polka; Take me Home, Transcription. Published by J. S. Peters, 509 Broadway, New York.

OMAHA GIFT FESTIVAL.—In another column will be found the advertisement of the Gift Festival at the Academy of Music, Omaha—tickets \$2 each, coupons \$1 each. It will be seen that a large number of cash gifts are to be distributed to ticket holders, varying from \$5 to 20,000, in all amounting to 100,000. Mr. G. E. Still will act as agent for the sale of tickets in this place.

CALIFORNIA MARBLE.—The marble of Calaveras county would supply every demand of the Pacific coast for monuments and statuary purposes if for cheap transportation could be had. But it costs more to quarry and get the blocks and slabs to market than to obtain the real Italian or Vermont marble. The Calaveras Chronicle of March 25th is informed by Mr. Taylor, proprietor of the marble works near Arroyo Camp, that the ledge crops out on the north bank of the Stanislaus river in a solid cliff of marble, and extends for miles in height, and extending for miles through the country to the Bear mountain range. No one knows its extent, but the stone is pronounced to be fully equal to the best Italian marble. It is extremely hard, dense, durable and susceptible of the highest polish. We consider it the finest marble stone we ever saw.—Valley Chronicle.
